

ROAD TO EXILE

TECHNICAL RIDER & STAGEPLAN

Thank you for booking Road to Exile for your show. This document lists our technical requirements. Should you have any difficulties providing the setup, please contact us in order to find a solution.

OUR STAGE SETUP:

1 drumkit

1 electric bass

3 electric guitars

3 vocals

We expect that there is a PA system available that suits the size of the concert hall and does not create any feedback. In particular, our vocalist needs his own monitor with its own mix.
